

Yarn selected to specification. Orders managed end to end.

Kenzi Textile coordinates the supply of cotton, blended and cellulosic yarn from qualified Turkish spinning mills. Fibre, count and spinning system are matched to the brief, with production follow-up, agreed quality checks and shipment coordination managed within one scope of work.

BASED IN

İstanbul, Türkiye

WORKING MODEL

Yarn sourcing and production coordination

EXPORT MARKETS

Europe · Africa · Asia · North & South America

Service scope

Technical Specification Review

Fibre, count and twist compatibility.

Quality & Laboratory Coordination

Testing, tolerances and lot checks.

Export & Logistics Management

Verified documents and shipment coordination.

Sourcing & Mill Matching

Capability matched to the specification.

Production Follow-up

Local follow-up at production stages.

Non-Conformity and Claim Management

Investigation at source and documented follow-up.

Spinning systems and counts

SYSTEM	COUNT RANGE (Ne, SINGLE PLY)
Ring	Ne 6/1 – Ne 60/1
Compact	Ne 10/1 – Ne 100/1
Open-End (OE)	Ne 6/1 – Ne 30/1
Vortex	Ne 12/1 – Ne 60/1

Complete fibre and technology index

Specialist fibres, blends and constructions are assessed by project according to production capability, technical specification and order volume.

COTTON

Turkish Cotton · Organic Cotton (GOTS) · U.S. Cotton · Giza · Supima · BCI · Cotton made in Africa · Recycled Cotton · Regenerative Cotton

CELLULOSIC

TENCEL™ Modal · TENCEL™ Modal – Micro · TENCEL™ Lyocell STD · TENCEL™ Lyocell – LF · TENCEL™ Lyocell – A100 · TENCEL™ Lyocell – HV100 · LENZING™ Viscose · LENZING™ ECOVERO™ Viscose · Livaeco™ Modal · Livaeco™ Modal Micro · Livaeco™ Viscose · SaXcell™ · Bamboo

BLENDS

Linen · Hemp · Cashmere · Wool · Silk · Polyester (PES) · Recycled PES (RPET) · Polyamide · Acrylic

TECHNICAL & FUNCTIONAL

Modacrylic · Meta-Aramid · Para-Aramid · Anti-Static · Coolmax · Thermolite · Seacell

TECHNOLOGY

Ring · Compact · Open-End · Vortex · Slub · Siro-Spun · Mélange · Core-Spun

Certification and traceability programmes

GOTS GRS OCS RCS OEKO-TEX® STANDARD 100 Better Cotton SUPIMA® GIZA Cotton
FSC® EUROPEAN FLAX™

Programme eligibility and relevant documentation are verified for the selected mill, fibre and lot. These names do not represent certifications held by Kenzi.
